OPTIMIST

VOLUME 92

Seize The Day

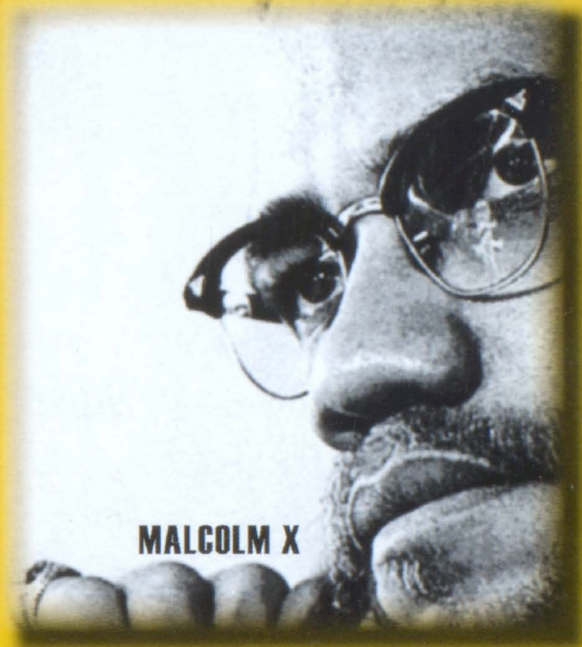

Seize the Day. Carpe Diem.

Make each day count. Live each and every day as it were your last. When the time passes and you reopen this book ten or twenty years from now, have no regrets. View each experience in your life as an opportunity to learn something about yourself. Never allow anything to become a hindrance in your life. On the contrary, each obstacle should be seen as the chance to become stronger, smarter and more prepared for the next challenge. Take time out to acknowledge your own success. If you do not appreciate your own hard work, then no one else will either.

X is the symbol for the roman numeral ten. Make a ten-year plan for yourself. Life does not just happen and good things do not just come your way. You must work hard to get what you want out of life. As an adult you will have choices. You can choose to succeed or fail. You can stand up and fight for what you want or sit down and take what is handed your way. Your plan. Your destiny. Your life.

*By
Any
Means
Necessary*

Show the world what you are made of and write your own story. Do not depend on others to bring happiness into your world. Look at each scholarship or grant that you earn as proof that someone believes in you enough to invest in your future. View student loans, late night studying and hard work as an investment into your own future. You invest daily into the lives of others when you patronize shops, stores and business. The most important investment that you will ever make will be investing in your dreams and making those dreams a reality. Regardless of where you find yourself in ten or twenty years from now, whether you choose to stay in Newark or move across the world, love your life and Carpe Diem - Seize the Day By Any Means Necessary!

This Yearbook is dedicated to

Ms. Maldine Dowdy- Guidance Counselor

You are now and have always been wise beyond your years. Your kind words, warm heart and endless acts of kindness have affected each and every student at South Side / Malcolm X Shabazz High. You have helped to not only change this school community, but our entire community. Your words of encouragement echos not only in our lives but also in the lives of many of our parents, aunts, uncles, older siblings and countless other community members. Your strong belief in education has taught us to continue strive excellence. You belived in us when we did not believe in ourselves. You never gave up on us. We appreciate your daily trips to the post office to make sure that scholarship applications were post marked so that we would still have a chance to be in the race toward higher education. Thank you for being a mother, mentor and a phenomenal woman. Thank you for being you.

SENIOR CLASS ADVISOR JEANEVA THURMAN

Congrats to all my seniors. This year, I truly found the meaning of a senior class advisor. Through my endeavors, I hope that I have provided you with a memorable senior year. I have enjoyed working with each and everyone of you and I know that my heart has been touched by the class of 2007. Remember to continue to strive for academic success after you have left the doors of MXS. If you take anything from your years here, remember in the words of Oprah, "to appreciate and focus on what you have in life. You will always see that the universe is abundant and you will have more. If you concentrate and focus in your life on what you don't have, you will never have enough" I wish each and everyone of you the best.

Jeaneva Turman-Johnson RN

SENIOR CLASS ADVISOR HASSAN CARTER

To the Class Of 2007

Congratulations! It has been great working to get you to this point, Graduation! I have had the pleasure of getting to know you and I am glad that I am here sharing this momentous event. I look forward to seeing you at the 10 year reunion!

*Sincerely,
Coach Carter*

PRINCIPAL LELIA DINKINS

CONGRATULATIONS TO THE CLASS OF 2007

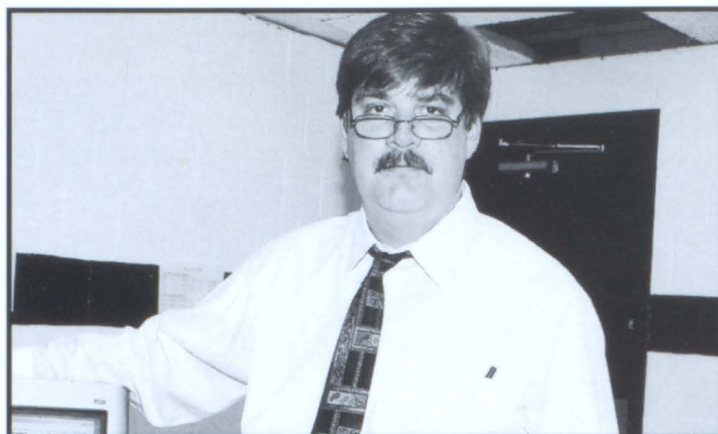

This year you, the Class of 2007, encountered many difficult challenges, but you persevered and were victorious. You stood firm in your beliefs and held fast to your dreams of a better and brighter future.

As you enter the doors of a two/four year institution of higher learning or the world of work, take with you the determination, motivation, perseverance and courage you displayed this school year.

We, the faculty and administration are very proud of you and all that you have accomplished. I challenge you to rise above adversity and achieve the goals you have set for yourselves.

I wish you, the Class of 2007, good health and a lifetime of happiness and Prosperity.
